

COMPANY PROFILE

Your Laboratory Excellence. Our Duty

TRAINING

DEVELOPING LABS
TOWARDS ACCREDITATION

PROFICIENCY TESTING

OUR MISSION

To provide comprehensive support to laboratories in establishing, improving as well as demonstrating their reliability and competence to their customers and the authoritative bodies

OUR VISION

To be recognized as the market leaders in providing training and consultancy services for all laboratories scopes in Egypt and the Middle East countries

OUR COMMITMENT TO QUALITY

Target Laboratory Systems seeks to continually improve the quality of guidance, support and services it provides to all laboratories and other customers.

Target Laboratory Systems staff is committed to provide the most competent quality systems for all kinds of laboratories as main criteria for their ongoing improvement

EGAC first accredited PT Provider

TRAINING

Target Laboratory Systems provides its training services both at the laboratories facilities and in public facilities

- Quality Control laboratory – Eva Pharma Company
- Atomic Absorption Spectrophotometer laboratory, herbs laboratory and chemical laboratory – Nutrition Institute
- Food laboratories – General Organization for Export and Import Control (GOEIC) – Cairo Airport
- Food laboratories – General Organization for Export and Import Control (GOEIC) – Alexandria Port
- Textile Consolidation Fund (TCF) laboratories – Alexandria
- Textile and spinner chemical laboratories – Technical Sector for inspection and quality control – Alexandria
- Calibrating Medical Equipment laboratory – Cairo University Hospitals
- Pesticide Residue Testing Laboratory—Central laboratories– Ministry of Health
- Testing laboratories of Central Organization for Standardization and Quality Control (COSQC)—IRAQ—UNIDO Project
- Quality Control Laboratory—ElRashidi ElMizan Company
- Golden Pack Group
- Animal Health Research Institute
- El Hesn Textile company
- Intertek company
- Abo Qir Fertilizers
- Faculty of Pharmacy – Tanta University
- Textile Consolidation Fund Company
- Egyptian Engineering Systems Company (EES)
- Calibration Consulting Group (CCG)
- Chipsy for Food Industries S.A.E

TRAINING

- Egyptian Maintenance San Masr Co.
- Medical Union Pharmaceutical Industries
- ROCHEM inspectors
- SEDICO Pharmaceutical compnay
- International Center foe bioavailability pharmacutical and clinical research
- Glopal Napi Pharmaceutical Industries
- Abu Zaabal for Fertilizers and Chemicals Co.
- COTECNA Inspection Egypt
- Delta Galil Group
- National Nutrition Institute
- El Rashidi Elmizan

Developing labs towards accreditation

COOPERATING WITH INTERNATIONAL FUNDING AGENCIES

Target Laboratory Systems had participated either directly or through its experts in the implementation of many projects as summarized below:

In Egypt

Participated in the Implementation of the Egypt EU Association Agreement Programme 'Building the capacity of the Egyptian Accreditation Council to deliver accreditation services' - **European Union Funded Project**

Provided technical assistance to establish a laboratory for Mycotoxins analysis – General Organization for Export and Import Control (GOEIC) – Dekheila port - **European Union Funded Project**

Provided technical assistance to establish a laboratory for Pesticide Residues analysis - General Organization for Export and Import Control (GOEIC) – Dekheila port – **USAID Funded Project**

In the Middle East

Providing technical assistance for the development of Food and Water Analysis Laboratory – Amman -**Kingdom of Jordan**, towards accreditation according to ISO/IEC 17025:2005 - **European Union Funded Project.**

Project Code: L173-R039-241905/2010

Provided technical assistance for the development of the laboratory of pesticide residue analysis – Lebanon Ministry of Agriculture – Kafr Shima region – Beirut, **Lebanon** towards accreditation according to ISO/IEC 17025:2005 - **European Union Funded Project**

Project Code: QUALEB

Provided technical assistance for the development of 16 laboratories in **Lebanon** towards accreditation according to ISO/IEC 17025:2005 - **European Union Funded Project**

Project Code: QUALEB

Provided technical assistance for the development of Microbiological food testing laboratory in Baghdad **Republic of IRAQ** towards accreditation according to ISO/IEC 17025:2005 - **UNIDO Project**

Provided technical assistance for the development of Microbiological and Chemical food testing laboratories in Erbil, **Republic of IRAQ** towards accreditation according to ISO/IEC 17025:2005 - **UNIDO Project**

Provided technical assistance of GMO Laboratory - **Republic of IRAQ** towards accreditation according to ISO/IEC 17025:2005 - **UNIDO Project**

Developing labs towards accreditation

Technical Support to the Central Leather Testing Laboratory (CLTL), Mongolia towards accreditation according to ISO/IEC 17025:2017 - **UNIDO Project**

Developing NWC Southern Cluster laboratories , **Kingdom of Saudi Arabia** towards ISO 17025:2017 accreditation with **South Cluster LLC**.

COMPANY IMPLEMENTED PROJECTS

In Egypt

Development of Six **Clinical Laboratories – Central Laboratories – Ministry of Health and Population** towards accreditation according to ISO 15189:2012.

Development of Water Testing Laboratory – **Tebbin Institute for Metrological Studies**, towards accreditation according to ISO/IEC 17025:2005.

Development of Petroleum Testing Laboratory – **ROCHEM INSPECTORS**, towards accreditation according to ISO/IEC 17025:2005.

Development of Water Pollution and **Marine Environmental Laboratory – Institute of Graduate Studies and Research – Alexandria University** towards accreditation according to ISO/IEC 17025:2005.

Development of **Plasma Applications Laboratory – Faculty of Science – Sohag University**, towards accreditation according to ISO/IEC 17025:2005 – Project with Program of Continuous Improvement and Qualification for Accreditation – Ministry of High Education.

Development of **Clinical Toxicology Laboratory – Faculty of Medicine – Sohag University**, towards accreditation according to ISO 15189:2007 – Project with Program of Continuous Improvement and Qualification for Accreditation – Ministry of High Education.

Development of **Five Stars Mills Co.** laboratory towards accreditation according to ISO/IEC 17025:2005.

Development of 17 laboratories – **Arabic Organization Industrialization** towards accreditation according to ISO/IEC 17025:2005 - Industrial Modification Center (IMC) Project.

Project Code: NQIS-407

Developing labs towards accreditation

Development of six laboratories towards accreditation according to ISO/IEC 17025:2005 with the cooperation of the Industrial Modification Center (IMC) including:

1. Quality Control laboratory – **RiRi Co., for babies food.**
 2. Quality Control laboratory – **Abo Zaabal Co., for fertilizers and chemicals.**
 3. Quality Control laboratory – **Al-Rashidy Al-Mizan Co.,**
 4. Quality Control laboratory – **Royal Pack Co., for sweets.**
 5. Quality Control laboratory – **Basma Co., for preserved food.**
 6. Pheromones analysis laboratory – Central Laboratory for Agricultural Pesticides – **Agricultural Research Center.**
- Project Code:** IMC/NQ_99

Development of **Developed Laboratory of Electrical Power Systems– Faculty of Engineering– Menia University.** laboratory towards accreditation according to ISO/IEC 17025:2005.

Development of **Advanced Research Center** laboratory towards accreditation according to ISO/IEC 17025:2005.

Development of Chemical & Bacteriology – **Central Laboratories – Ministry of Health and Population.** Alex, towards accreditation according to ISO/IEC 17025:2005.

Development of Chemical & Bacteriology – **Joint Laboratory – Ministry of Health and Population. Damietta,** towards accreditation according to ISO/IEC 17025:2005.

Development of **Joint Laboratory – Ministry of Health and Population, Suez,** towards accreditation according to ISO/IEC 17025:2005

Development of **Pesticide residue Laboratory – Faculty of Agriculture, Cairo University** towards accreditation according to ISO/IEC 17025:2005

Development of **Specialized Hematology Laboratory – Faculty of Medicine, Zagazig University** towards accreditation according to ISO 15189:2012

Development of **Clinical Chemistry Laboratory – Faculty of Medicine, Zagazig University** towards accreditation according to ISO 15189:2012

Development of **Environmental & Food Pollutants Laboratory, Faculty of Agriculture, Fayoum University** towards accreditation according to ISO/IEC 17025:2005

Development of **Measuring the quality of the wet process on textile – Faculty of Applied arts, Helwan University** towards accreditation according to ISO/IEC 17025:2005

Development of **Central Lab & Hadayek El Ahram Lab at Giza Water & Waste Water Co.** towards accreditation according to ISO/IEC 17025:2005

Developing labs towards accreditation

Development of **Central Lab , Hadayek El Ahram Lab , Gziret Eldahab lab & Znien waste water lab at Giza Water & Waste Water Co.** towards accreditation according to ISO/IEC 17025:2017

Development of Laboratories – **Central Laboratories – Ministry of Health and Population** towards accreditation according to ISO/IEC 17025:2017

Development of Laboratories – **Clinical Laboratories – Ministry of Health and Population** towards accreditation according to ISO 17043

Development of Laboratories –**for quality control tests of the Food Department, bacteriologist, Central Laboratories – Ministry of Health and Population** towards accreditation according to ISO 17043

Development of Laboratories – **Environmental Monitoring Center– Ministry of Health and Population** towards accreditation according to ISO/IEC 17025:2017

In the Middle East

Developing Chemical Defense Unit – Sheikh Zayed Military City towards accreditation - Abu Dhabi, **UAE**

Providing technical assistance for the development of five mechanical and testing laboratories, Sabbic Hadeed – Dammam – **Kingdom of Saudi Arabia**, towards accreditation according to ISO/IEC 17025:2005

Providing technical assistance for the development of chemical testing laboratory, AR-Razi Methanol Co.– Dammam – **Kingdom of Saudi Arabia**, towards accreditation according to ISO/IEC 17025:2005

Provided technical assistance for the development of Food and Water Analysis Laboratory – Meddinah Monawara – **Kingdom of Saudi Arabia**, towards accreditation according to ISO/IEC 17025:2005

Provided technical assistance for the development of MUSA Group Environmental Laboratories **Kingdom of Saudi Arabia** towards accreditation according to ISO/IEC 17025:2005

Provided technical assistance for the development of LUBEREF Yanbu/Jeddah QA Lab **Kingdom of Saudi Arabia** towards accreditation according to ISO/IEC 17025:2005

Provided technical assistance of National Water Company Jeddah Lab **Kingdom of Saudi Arabia**

Developing labs towards accreditation

Provided technical assistance for the development of Ynabu and Madina Munawra water Desalination plants laboratories **Kingdom of Saudi Arabia** towards accreditation according to ISO/IEC 17025:2017

Developing of National Water and Waste Water –Riyadh Laboratories ,**Kingdom of Saudi Arabia** towards accreditation according to ISO/IEC 17025:2017

ESTABLISHMENT OF LABORATORIES

Establishment and development of Pesticide Residues laboratory – Ministry of Health towards accreditation according to ISO/IEC 17025:2005

Establishment and development of Doping laboratory – Armed Forces towards accreditation according to ISO/IEC 17025:2005

Establishment and development of Pesticide Residues laboratory – SGS Egypt Ltd Co. towards accreditation according to ISO/IEC 17025:2005

Pesticide Residues laboratory – Maghrabi Farms – Nubariya

Establishment and development of Reference Lab for waste water Abo Rwash- holding company for water and waste water towards accreditation according to ISO/IEC 17025:2005

TECHNICAL CONSULTANCY/ AUDITING SERVICES

Paper Testing Laboratory—Faculty of Science—Helwan University

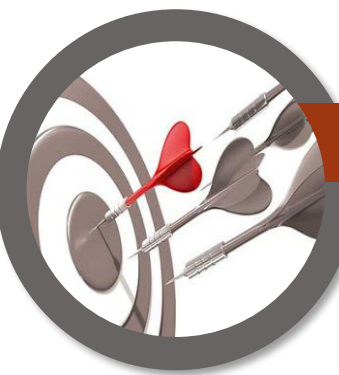

Quality Control laboratory – Eva Pharma Company

Quality Control laboratory – Coca Cola Co.

Quality Control laboratory – Raa Industrial Co.

Five laboratories—National Nutrition Institute

Laboratory Assessment for testing Laboratories in **Republic of IRAQ**

PROFICIENCY TESTING

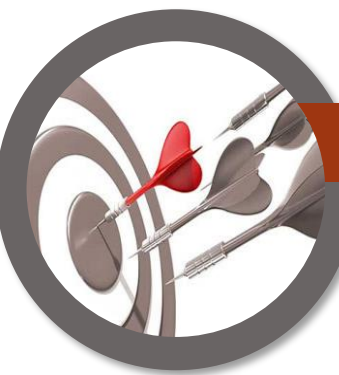

Target Laboratory Systems is the first accredited Proficiency Testing (PT) provider in Egypt and the Middle East.

PHARMA SCHEMES

Providing our PT services since 2011 to our customers:

EVA Pharma Company	Multi Apex Company
Genuine Research Center	Drug Research Center
Pharmaceutical Science Center-Faculty of Pharmacy- Tanta University	Genuine Research Center
ATOS Pharma Co.	Advanced Research Center
Global NAPI Pharmaceuticals	October Pharma
Sigma Pharmaceutical Co.	European Egyptian Pharmaceuticals
PHARCO Pharmaceuticals	MEPACO co.
Vitabiotics for Pharmaceutical industries	Ameria for Pharmaceutical industries
Arab drug company	Al Andalous for Pharmaceutical Industries
Marcyrl Pharmaceutical Industries	Pharma gene Labs
Safe Pharma	Pharma solution Company
Faculty of Medicine, Damanhur University	Alqahera Pharmaceutical Industries
Egyptian European pharmaceutical company	El Nasr Pharmaceutical Chemical Co.
Multi Apex Pharma	Art Pharma
SEDICO Pharmaceutical company	Medical Union pharmaceutical Co.

PROFICIENCY TESTING

FERTILIZERS SCHEMES

Providing our PT services since 2016 to our customers:

Abu Zaabal for fertilizers and chemicals	Evergrow for specialty fertilizers
Near East Company	Intertek testing services
SGS Company	COTECNA inspection Egypt
Tank Oil Company	El Nasr Co. for Intermediate Chemicals
Central Laboratory for Fertilizers	TUV AUSTRIA

FOOD AND WATER SCHEMES

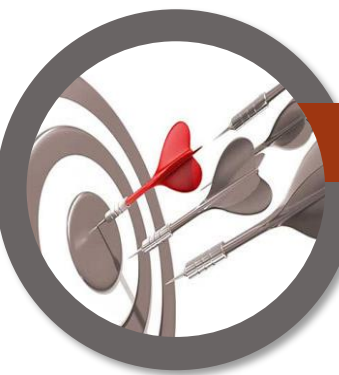

In September 2011, Target Laboratory Systems had become FERA (FAPAS, FEPAS, GeMMA, and LEAP) Egypt Marketing Agent.

FERA schemes are the one of the oldest and most comprehensive schemes providing chemical and microbiological proficiency tests for food and water.

Helping customers in PT Services since 2011:

Ministry of Health Central Laboratories	Central Labs (CLA), Ministry of Health Alexandria
Central Labs (CLA), Ministry of Health Alexandria	Almokhtabar for medical laboratories
Regional Center for Food and Feed	Giza Water & Waste Water Central laboratory
Genetically modified organisms detection laboratory- Faculty of agriculture Damanhour University	Dakahliya Water and Waste Water Co
Children's Cancer Hospital Foundation . Egypt	Animal Health Research Institute
General Organization for Export & Import Control	Gharbiya Water and Waste Water Co.
Qena Company for Water and Waste Water	MEPACO co.
Greater Cairo Drinking Water Co.	AMREYA PETROLEUM REFINING Co.
Chemistry Administration	Royal International Inspection Laboratory
	Dakahliya Water and Waste Water Co

PROFICIENCY TESTING

Holding Company for Water and Waste Water

Damietta Water and Waste Water Co
Multilab

ABU-QIR FERTILIZERS COMPANY (AFC)

central laboratory of the Medical Research
Division. National Research Center

El Rashidi El Mizan Confectionary

Ministry of Health - Al-Mamal Al-Moshtarak –
Damietta

Royal International for inspection.

Pharma solution Company

Mondelez Egypt Foods

faculty of Agriculture, Damanhour
University.

Riri for Baby Food

GMO Lab, Cairo University Research Park
(CURP) faculty of agriculture

Sidi Kerir Petrochemicals Co.

Tabbin Institute for Metallurgical Studies
